Downloading & Installing the GeoPro Mobile App for iOS

Lu Parente - 2018-07-04 - in GeoPro Mobile App for iOS

The GeoPro Mobile App turns smartphones into lone worker safety devices. With easy check-in, tracking, SOS alerting and man down detection, the mobile app provides added peace of mind, streamlines daily operations and minimizes risk while improving user safety.

This article explains how to download and install the GeoPro Mobile App from the Apple App Store.

Note: The GeoPro Mobile App can only be installed on iOS devices that have a SIM card slot.

1. Navigate to **App Store**, and select the **Search** tab.

2. Enter **GeoPro** in the search and select the **GeoPro** app from the list of results.

3. Select the download icon and the latest version of the GeoPro Mobile App will be installed.
