## IsatPhone Pro Firmware Version 5.17.2

David Jones - 2019-06-12 - in How-To

Roadpost recommends updating to IsatPhone Pro firmware version 5.17.2 before August 2017 to prevent interruptions in service.

Information on the update as well as the files can found [by clicking here](#). Read through the support page carefully before proceeding with the update.

**Note: The firmware update utility is not compatible with Mac OSX.**
